

Our Chamber business spotlight this month is... **Anytime Fitness**

This month's Chamber Business Spotlight is on Anytime Fitness and owners Glenn and Kim Ennen. Anytime Fitness is located at 690 W. 16th St., Enjoy reading their story!

March 2, 2009 a dream came true. We opened the doors at 1605 Chicago street, the building we rented from Dr. Groene we remodeled and made to fit us and the new adventure. We had many window peekers as the excitement of the gym opening loomed.

How we even made it to Nebraska first though, and so the story begins. Glenn being a North Dakota native and Kim from Minnesota met many, many, years ago back in 1988 in college. Love at first sight(really!) We have been married 26 years and have 2 grown sons. One son also owns a gym in another town. We relocated to Fremont in 2005 for Glenn's job. He had always dreamed of owning his own gym and while traveling around for his job he discovered Anytime Fitness in other towns and made the decision that Schuyler, one of the towns he traveled to needed one too.

In 2013 we purchased the current building formerly known as the Western café and Dollar General as we had grown out of the 1605 Chicago building. After a few months of construction, we moved to 690 west 16th street. WE had a whole 6000 sq. feet to fill. And filled it we have!

Anytime Fitness is a 24hour access gym, members all have their own key. We have a gym full of equipment, 22 pieces of cardio and many other unique things to use compliments of Glenn. Personal training is also available.

The very best thing about having our business in Schuyler is the relationships we have made with people that will last. The culture is unbelievably fun with the music playing and everyone working hard to be healthier.

Our future plans for the gym are currently to survive this Pandemic! And then grow 20%. We are a family owned and run gym, who thrive on making your fitness dreams reality. Audra asked "what makes your business unique?" Well, cuz we are making healthy happen! Please stop in and see us for a tour sometime!

We are truly blessed to have such a fantastic gym located right here in our community, after spending time with Kim and Glenn, it is very easy to see that they pride themselves on customer service and making the right fit for each person that wants to make a healthy lifestyle or simply get out and meet new people and be social while adding some exercising fun to your day. Watch my journey in January to help inform you on all that they offer and about the people that are their everyday customers!
